Dental Basics  
P.O. Box 6022  
Aloha, OR. 97007

## ● Strong Teeth:

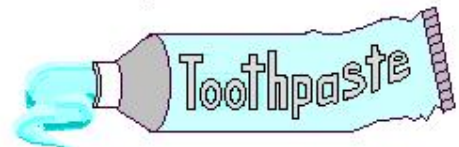

### Fluoride -

In the drinking water  
or in tablets, and/or rinse.

And in toothpaste.

## ● Clean Teeth:

Plaque (bacteria)  + Sugar = Acid 

Acid  + Tooth = Decay 

Remove all the Plaque (bacteria)  
and you will not get cavities!
